

**Help develop my awareness  
of different people through  
the different sounds  
they make**

Card  
**15**

## **Bear in mind that my awareness of people is partly based on the sounds they make:**

- talk to me, sing to me – although I may not understand the words, the sheer sound of your voice may well be important to me
- greet me by using my name and telling me yours...
- and ask other people to do the same
- don't be afraid of repetition – lots of it – and consider using a 'sing-song' quality to your voice
- let me know how you're feeling through exaggerating your vocal expressions
- supplement your voice with physical contact on my hand or arm – help me to develop the idea of 'someone else'
