Level 3

Element B

Tap into my love  
of pattern!

Card  
18

## Using everyday soundmakers and percussion instruments:

- make the same, simple tapping pattern on different instruments (drum, tambourine)
- use your fingers, then a stick – let me feel what you are doing if I can't see
- tap the tambourine gently on my hands
- scratch your nails to and fro on the drum
- tap on a resonance board, so I can feel the patterns of vibration through my body
- use switches or motion-sensitive technology, and let me watch or feel what you are doing
