**Help me make
different kinds of
sounds myself**

Card
21

Be alive to my vocal efforts; they may happen anytime, anywhere:

- give me the time and space to experiment with pattern-making
- don't interrupt me when I'm concentrating!
- when I pause, give me lots of encouragement to get going again
- praise me by touching me on the hand or arm, or give me a hug – whatever I respond positively to
- move my arms or legs or my whole body in time to the patterns I make
- make recordings of my voice to listen to later
