

Proactive

Level 3

Element B

Help me make simple rhythmic patterns on everyday soundmakers and percussion instruments

Card
22

Over time, make sure I have different soundmaking options:

- put my hand over yours while you tap a simple beat on a drum with your fingers...
- then let me try on my own
- show me how to hold a stick to make a regular beat on instruments and other soundmakers
- show me how to make patterns in other ways too – with shakers and scrapers
- but remember, patterns start in my head, not in my hand...
- so guide me with your hand *under* mine, so that I am always in control
