

Proactive

Level 3

Element C

**Give me a hand to make patterns  
up and down on a keyboard  
or using technology that  
responds to movement**

Card  
**23**

## **Give me opportunities to explore pattern-making on a keyboard or using touchscreen technology:**

- gently show me how to play single notes with one finger (use my stronger hand if I have one)
- show me how to play a simple beat on one key – make it easier for me to find with a sticker or texture
- encourage me to use the white notes, and black notes if I can reach them
- give me plenty of time to try things out for myself!
- show me how to play simple up and down patterns on three notes next to each other on the keyboard or touchscreen
- help me make longer patterns that go up and down
