

Interactive

Level 3

Element A

**Echo the sounds I make
with my voice, and
give me time
to copy yours**

Card
25

By copying each other's voices, I can learn that I'm like you and you're like me:

- copy the sounds that I make with my voice
- give me plenty of time to think about what I've just heard
- when all is quiet, make a sound with your voice similar to ones that I like to make
- give me lots of time to respond
- gradually you might hear me copy you more and more accurately – it takes a lot of practice!
- don't forget to repeat the activity many times in different contexts (with different people and in different locations)
