Level 3

Element C

**Encourage me to
copy what you do on
instruments and other
soundmakers**

Card
27

Help me to understand what it's like to be you by encouraging me to copy you:

- in a quiet moment, put a soundmaker on my lap and make a sound that I have made before on it
- give me lots of time to respond
- once I've got the hang of it, play another soundmaker the same as mine, so we don't have to share
- then, see whether I will copy the *same* pattern made on a *different* kind of soundmaker
- swap instruments!
- remember that repetition is key – playing simple copy games may become one of my favourite ways of relating to people
