

Interactive

Level 2

Element A

**Encourage me to make
sounds myself in response
to the sounds that
you make**

Card
9

Have 'conversations' with me in sound:

- use your voice to make sounds I enjoy, and let me feel your lips so I know what is happening...
- and then guide my hand to feel my lips too
- give me lots of time to respond
- put bells on my wrists or ankles and bells on yours too, and play shaking games
- put a balloon between us and share the sounds made with hands and voices
- make funny noises down a cardboard tube held to my ear, and encourage me to do the same
